WINDSHIELDS & WINDOWS

INTRODUCING SOLAR ADVANTAGE. NEW AND INNOVATIVE WINDSHIELDS AND WINDOWS.

Description	Part Number
Crew Window without Slider Solar Advantage Lt. Gray L/H	407-540-027
Crew Window without Slider Solar Advantage Lt. Gray R/H	407-540-028
Crew Window w/Slider Solar Advantage Lt. Gray L/H	407-540-029
Crew Window w/Slider Solar Advantage Lt. Gray R/H	407-540-030
Passenger Window Solar Advantage Lt. Gray L/H	407-541-047
Passenger Window Solar Advantage Lt. Gray R/H	407-541-048
Passenger Window w/Slider Solar Advantage Lt. Gray L/H	407-541-019
Passenger Window w/Slider Solar Advantage Lt. Gray R/H	407-541-020
Passenger Window w/Medium Size Slider Solar Advantage Lt. Gray L/H	407-541-059
Passenger Window w/Medium Size Slider Solar Advantage Lt. Gray R/H	407-541-060
Replacement Slider Passenger (no handle) Solar Advantage Lt. Gray, L/H	407-541-517
Replacement Slider Passenger (no handle) Solar Advantage Lt. Gray, R/H	407-541-518
Crew Window w/Slider Solar Advantage Lt. Gray, L/H	407-544-513
Crew Window w/Slider Solar Advantage Lt. Gray, R/H	407-544-514
Crew Window w/o Slider Solar Advantage Lt. Gray, L/H	407-544-533
Crew Window w/o Slider Solar Advantage Lt. Gray, R/H	407-544-534
Passenger Window w/Slider Solar Advantage Lt. Gray, L/H	407-545-513
Passenger Window w/Slider Solar Advantage Lt. Gray, R/H	407-545-514
Replacement Slider, Passenger Medium Size Solar Advantage Lt. Gray, L/H	407-545-519
Replacement Slider, Passenger Medium Size Solar Advantage Lt. Gray, R/H	407-545-520
Passenger Window Solar Advantage Lt. Gray, L/H	407-545-533
Passenger Window Solar Advantage Lt. Gray, R/H	407-545-534

BENEFITS:

- Blocks 99.99% of UV rays
- UV blocking up to 400 nanometers
- Reduces infrared radiation
- Approximately 10% reduction in temperature
- Reduces fading of interior fabric and weathering of components
- Features all the benefits of traditional windows including clarity, durability, ease of removal and replacement

Passenger High Visibility Window w/Vent Solar Advantage Lt. Gray L/H	407-582-601
Passenger High Visibility Window w/Vent Solar Advantage Lt. Gray R/H	407-582-602
Litter Door High Visibility Window Solar Advantage Lt. Gray L/H	407-586-501
Fixed Panel High Visibility Window Solar Advantage Lt. Gray R/H	407-587-502

Solar Advantage, new Aeronautical Accessories branded windshields and windows that utilize a new, innovative acrylic is now available for Bell 407 aircraft. The *Solar Advantage* windshields and windows positively impacts the pilot and passengers. It does this by blocking ultraviolet (UV) A and B rays, and reducing infrared (heat) radiation into the cabin. By reducing heat build-up, the Bell 407's cabin remains more comfortable for the pilot and passengers. Blocking UVA and UVB rays, *Solar Advantage* also reduces fading of the interior fabric, weathering of components, and extends the life of the aircraft interior plastics. In addition to these benefits, the new *Solar Advantage* product still provides all the same features of traditional Aeronautical Accessories branded windshields and windows for the Bell 407, including clarity, durability, ease of removal, and replacement.
