

# VAN HORN AVIATION TAIL ROTOR BLADES

## Features & Benefits

### STRENGTH AND DURABILITY

- 5,000 Flight-hour service life, double the life of conventional metal blades
- Titanium root fitting and stainless steel pitch bearings provide increased strength and durability

### 40% NOISE REDUCTION

- Backed by FAA-approved acoustics testing

### OPTIMAL CONTROL

- Produces greater tail rotor authority at higher altitudes, providing increased control

### 3 YEAR • 1,500 FLIGHT-HOUR WARRANTY

- Backed by Van Horn Aviation for manufacturing and material defects, excludes damage due to erosion and bearing replacement
